My husband and I were married on June 13th, 2015. There were a couple of things that were really important to us about our wedding day. We wanted our beautiful community of family and friends to experience a meaningful ceremony, to enjoy great food and beverages, and to have a fantastic party. It was also important to us that we support local and small business owners who are good people in the community.

That brings us to 1618 Concepts. My husband and I had frequently visited the 1618 establishments throughout our relationship and fell in love with the most creative, consistent, and delicious food we have ever tasted. In addition, we have always been impressed with the community of people who work at 1618. They are knowledgeable, kind, and good at what they do. So when it came down to selecting a caterer for our wedding, we knew 1618 was THE caterer we wanted.

Not only were the people at 1618 easy to work with, it was a fun process to plan the event with them. They worked with us to understand who we were and what was most important to us. They listened to our preferences and worked with us to create a beautiful menu. I had a blast telling people about the menu in preparation for the wedding. We all couldn't wait!

On the actual wedding day, 1618 far exceeded any expectations we had. The food was absolutely stunning. They delivered the food they are known for in their restaurants. I heard over and over again that it was the best food people had ever had at a wedding and we could not agree more. (And we are social people who attend a lot of weddings!) Two months later, I am still getting messages about how much people enjoyed the experience and they cannot stop commenting on the food!

What is more, 1618 not only takes pride in delivering on their catering, they are also concerned with making sure the whole experience runs smoothly. They go above and beyond to ensure that your day is just what you hope it will be – a wonderful celebration of your relationship. Our other vendors, friends and family who helped out during the wedding could not believe how easy and FUN the people of 1618 were to work with. You are not treated like just another event at 1618. They are passionate about what they do and it shows in their work. Invest in 1618 catering – they invest in you.
